

New Forest Mitigation Project: New Milton walking routes

- Surfacing approx. 1400m of mainly existing footpaths, approx. 680m on Definitive Map
- Third project in a series of New Forest District Council 'Mitigation Strategy' projects, this one focusing on improving the footpaths near Ballard Lake and Ballard Water Meadow in New Milton, an important recreational area for local residents
- Works: £ 59,565.39 of Mitigation Strategy funding (8 wks on site), officer time paid for by project
