

NEW FOREST
NATIONAL PARK

Net Zero With Nature

1.5. Increases Sustainable Travel by:

1.5.1. Producing and delivering an agreed New Forest Local Cycling and Walking Infrastructure Plan (LCWIP)

Nature Recovery

2.5. Mitigates recreational pressures by:

2.5.1. Developing a spatial plan for where recreation should be accommodated in the New Forest and surrounding areas

2.5.3. Developing a strategic approach to mitigate the potential impacts associated with increasing recreational pressures arising from planned new housing and visitor accommodation on the internationally designated habitats

Inclusive National Parks

3.2. Connects People with Nature and Landscape by:

3.2.1. Removing barriers to participation and access – physical and perceived, e.g. affordable public transport

3.2.3. Using data and evidence to create a more accurate picture of the current and possible users of the New Forest National Park and barriers to participation

3.2.4. Developing comprehensive and inclusive programmes of health and youth engagement and outreach to build relationships with diverse communities and audiences, including a Youth Action Project and bespoke education activity.

Thriving Forest

4.2. Supports Sustainable Land Management by:

4.2.1. Developing new business models with landowners to support the delivery of public goods

4.2.2. Maintaining and enhancing public goods through commoning and farming

Team New Forest

5.1. Works with a wide range of people in our community and beyond by:

5.1.1. Growing understanding of each other and our audiences

5.1.2. Enabling enriching experiences for a diversity of people.

5.3. Leads the green agenda; seeking to influence, shape and innovate by:

5.3.1. Ensuring blue-green infrastructure is in place, connecting key network areas to help solve climate challenges by building with nature

5.3.2. Managing recreation across the area effectively, seeking new opportunities for sites where people and nature can benefit

Core Budget £8,000

Access improvements

Accessibility outreach

Walking & Cycle Festival promotion

Walking App upkeep and improvements

New Forest Access Forum Expenses

Externally Funded Access Projects

England Coast Path - £15,000

DEFRA Access Funding - £85,000

National Grid - £150,000

Habitat Mitigation Scheme - £25,000

Access Volunteering outputs

Path Clearance Teams – 200 days/year

Ease of Use surveys

Access Land surveys

Access Advice into

Large scale planning applications
